The Rio Grande is the highest for many months. Waters began to rise yesterday morning. Now the banks are well filled. Melting snow to the north is the cause of it. Irrigation ditches on both sides of the river bring the longed for spring supply of water.

DAINTY FOOD

Turns Pale Cheeks to Pink.

Our best physicians of the present day seek to cure patients by the use of food, rather than heavy drugs, and this is the true method, for all physicians agree that only from food can the body be rebuilt.

Many people fail to give their physicians credit, for after living on poorly selected or badly cooked food for a long time, perhaps, and when their ailments become chronic, they expect the Doctor, with some magic potency, to instantly rebuild them.

This is not possible. The only true method is to turn as quickly as can be from poor food to good. A young lady over in Ohio says:

"I was variously treated for my nerves, muscles, lungs, etc., but none of the treatments gave me relief. 'About a year ago my appetite failed completely and I began to have sinking spells similar to fainting, then I took all manner of tonics and stimulants, but they were of no effect. I had been brought to quit drinking coffee and taking Postum in its place, and gradually began to get a little better."

"Someone suggested that if I found Postum so beneficial I had better use Grape-Nuts food, as they were both the children of one brain. I commenced on Grape-Nuts food for breakfast, having Postum with it. I found the food so dainty, delicious and appetizing that I always looked forward to breakfast with pleasure."

"Shortly after commencing this diet, the wretched pain in my side was greatly relieved, and now, a year later, it has gone entirely, also the sinking spells; in fact, my pale cheeks have changed to pink. I have gained back more than the twenty pounds I lost, and am thoroughly well in every way."

TRAFFIC DELAYED BY COAST STORMS

Colonist Movement to California Makes Travel Heavy.

The Santa Fe's transcontinental line is now the one in operation in the United States, and as a result all passenger trains going both east and west are crowded to the limit, and it has been found necessary to attach several extra coaches to a number of the trains to accommodate the traffic.

The S. F. line west from El Paso is open, but the coast line is blocked by the tunnel carline north of San Luis Obispo. The Salt Lake line has been out of commission for over two months, and the Ogden route is tied up by washouts.

The spring colonist movement has increased California bound traffic to a considerable extent, the cheap rates having gone into effect in the east on March 1. At Albuquerque, a number of colonists are stopping.

The Southern Pacific trains are also carrying a large number of tourist colonists in conjunction with the Rock Island.

TEXAS & PACIFIC LOCATES COLONISTS IN TOYAH VALLEY.

Considerable attention is being paid by the Texas & Pacific at present to locating colonists in Toyah valley in the Toyah valley in west Texas. Special trains are being operated out of Dallas and Fort Worth. Toyah valley has a large acreage of tillable land, and the present acreage under irrigation is stated to be about 25,000 acres. The soil is particularly adapted for the growing of fruit and a number of young orchards are being set out.

CHANGE MADE IN THE FOR CONFEDERATE REUNION.

Literature advertising the 25th annual reunion of the United Confederate veterans at Mobile, on April 26-28, is being distributed by the S. F., which has been declared the official route from west Texas. The pamphlet advertising the reunion shows the meeting of two of the boys of the gray. Round trip tickets for \$25.20 for the reunion, will be placed on sale on April 24 and 25, with the return limit placed May 2, and an extension until May 19.

CHANGE MADE IN THE STOPOVERS.

Effective March 3, an order was made cancelling the ten day stopover privilege at New Orleans on the S. P. route west, on tickets purchased east of New Orleans. This in no way, however, affects the stopover allowed at New Orleans, on tickets purchased at El Paso over the S. P. for points east of the Mississippi river.
